

12th International DYMAT Conference on the Mechanical and Physical Behaviour of Materials under Dynamic Loading

Date : August 2017

Dear Colleague,

On behalf of the Organizing Committee, it is our pleasure to invite you and other members of your company to attend and exhibit your products and services at the 12th International DYMAT Conference, to be held at Arcachon, September 9-14, 2018 in the Palais des Congrès.

The immediate proximity to Bordeaux, one of the most dynamic cities in Europe, and the charm and atmosphere of Arcachon are expected to make DYMAT 2018 an exceptional event in terms of participation. Also, the conference venue offers a large and comfortable exhibition hall, and ample time will be given to our delegates to visit and speak with your representatives. Last but not least, an exceptional effort has been made to offer very attractive rates to students, so that a large number of newcomers is expected.

This unique triennial international conference in the field of the mechanical and physical behavior of materials under dynamic loading usually attracts over 300 delegates from a wide variety of countries and institutions. As you know, our community essentially consists of scientists and engineers involved in research or industrial projects requiring very specialized technologies such as high-speed measurement and acquisition techniques, sophisticated computational software, etc.

We cordially invite your company to participate in DYMAT 2018 as an exhibitor. For companies who want to do even more to increase their exposure, there are a number of sponsorship opportunities ranging from 1000 € to 10000 €. These opportunities will increase your visibility on our website, printed material and throughout the conference itself.

For any questions concerning company showcases or corporate sponsorships, please contact Antonio Cosculluela, antonio.cosculluela@cea.fr. We request that company showcase registrations and sponsorship forms be submitted by **April 15, 2018**. Full payment is due by Mai 31, 2018. Further details on the conference location and organization can be found on the website <http://www.dymat2018.org>.

We look forward to seeing you on the exhibition floor!

Sincerely,

Antonio Cosculluela & Eric Buzaud co-chairs of DYMAT 2018
